

Help Design The Wall In The Hall

We need YOU!

We want to create a mural for the wall in the hall that adds colour and character, and inspires you whenever you enter the space. We are excited to be working with artist and brand expert Toby Marsh of Toby Marsh Creative and he wants to know what you would like to see on your school wall.

Task: We would love to see all your ideas! Everything from doodles to a full design, we want to see it!

Over the page are a few questions to help get your creative ideas flowing!

The wall in the hall

Think about life at school, what activities do you use the hall for?

Is there a phrase or word(s) that you could create a design around that would inspire / motivate / entertain our community?

**We want to avoid using the exact words of the school values as these may change over time*

The school's values are **Kind, Brave, Creative, Respect** – can we show these values using illustrations?

Perhaps think about things that are important to our community – the natural world, wellbeing, learning, community etc.

Part of the wall is the kitchen shutter, which will be open and closed at different parts of the day.

Can we use the shutter as a fun element of your design?
